Good morning Ms. Bell,

I hope you had a great weekend and an even better Monday. I am emailing in regards to an issue that one of my residents is having with her blue bins not being collected regularly nor are they being collected at all. Her address is 10501 Compton Ave. Los Angeles, Ca. 90002. Can we please look into this. She has expressed to me that this has been going on for over a year now.

I also wanted to ask about the public black pins on public streets when do those get collected? I have a few that are around Watts that are overflowing and I have been just watching to see when they will get dumped but to be honest it has been at least 3 weeks now. Can we get someone to assist me in this? Thank you so much and please contact me if you have any questions or concerns.

Best,
